ANNUAL CLEAN UP DAY!

SATURDAY, OCTOBER 11, 2008

9:00 AM - 1:00 P.M.

From the Water and Wastewater Department

Please do not cover the water meter boxes in your front yard. If they are covered, would you please uncover them and keep them clear of debris (grass, dirt, decorative rock, planters, etc.). They are placed there for your convenience, so that if something were to happen to the waterlines inside your residence or some other water related problem the City of Biggs has a way to quickly and effectively turn the water on and off to your residence. Covering these boxes makes it more time consuming and difficult to turn the water on and off in the event of an emergency and in turn could possibly cause more damage to your house.

Thank you.
